

Big Thorne Stewardship Workshop #6  
Thorne Bay, AK  
Thursday, October 6, 2011  
5:30pm – 8:30pm

***Light meal and refreshments provided***

**Purposes / Goals**

- Collaborate on “End Result” management actions for the Big Thorne Stewardship Area
- Identify, clarify and prioritize opportunities for forest management and restoration in the Big Thorne Stewardship Area
  - Prioritize list of projects that are ready for implementation (but which may not have funds)
  - Identify important projects (or types of projects) that the agency has missed
  - Define the types of projects that could be integrated at implementation, to better serve the local private sector workforce (economy)

**AGENDA**

- 5:30 pm Welcome and Introductions (Group)
- 5:45 pm Review of Workshop Purpose, Agreements and Outcomes (FS/Jay)
- This is the time to propose new agreements, edit purpose or identify new, desired outcomes of the remaining workshops
- 6:00 pm Resume Discussion / Identification of Best Value Criteria for Future Stewardship Packages (Group / FS Contracting Officers)
- Review progress from August Workshop (#5)
  - Refine criteria to be submitted to FS for consideration in future Stewardship Contracts
  - Discussions will target input from stakeholders, especially perspective stewardship contractors / bidders, and Forest Service Contracting Officers
  - Agreed upon Best Value Criteria will be included into the Workshop Summary Report for use by the Forest Service in developing specific, future contract proposals
- 7:30 PM Resume Discussion / Identification of Project Scope and Scale Objectives
- Stakeholders will work to identify the size, integration and orientation of future implementation efforts from the Big Thorne Stewardship Area, to assist agency officials in developing projects that fit the local workforce and meet Stewardship Area objectives (as identified in previous workshops).
- 8:30 pm Next Steps and **Adjourn.**
